- Encouraging people to fulfil their potential
- Working with hope
- Exercising responsible stewardship

8. Please describe in as much detail as possible what the volunteer has achieved, how this links to the value(s) selected above and the impact this has had *

Liza is a dedicated and enthusiastic volunteer who has been a ray of sunshine since joining the team! She treats everyone who visits the store with kindness and goes out of her way to help those who may need further assistance so they have a positive experience with us.

Liza takes on any task asked of her and is always coming up with ideas on how we can improve the store from displays that are inviting to ensuring stock is kept replenished. She actively seeks out opportunities to learn more, uses her initiative and isn't afraid to ask for advice when she is unsure of something!

Despite having a full-time job alongside her volunteering, Liza is always willing to help out when she can, even at short notice! We are so thankful for all time Liza has given us so far and feel very lucky to have her on the team.
